

Dawn to Dusk

A personal challenge of riding 400 km in 24 hours by a pancreatic cancer survivor

Colin's Story:

As a very active 70 year old I was stunned when I was diagnosed with pancreatic cancer in Oct 2017. Shortly after this I had a five hour Whipple operation and then chemo treatment which finished in June 2018. I am one of the 5-10% who survive this aggressive cancer due to early diagnoses.

In April 2017 my daughter Jenny was diagnosed with breast cancer and was operated on. She has also finished her chemo and treatment but sadly she also suffers from Fibromyalgia which has a major impact on her life.

I am undertaking this significant challenge to raise awareness as well as vital funding for the named charities.

Colin Henderson, MBE
