

# The Facts

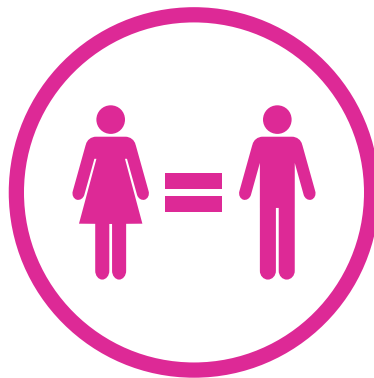

## about pancreatic cancer

Pancreatic cancer is the UK's **fifth biggest** cancer killer

**Half** of all patients are diagnosed as an **emergency**

Pancreatic cancer affects **men** and **women equally**

Receives only **10%** of cancer research funding

**Twenty six** people are newly diagnosed with the disease **each day**

For those **diagnosed in time for surgery** their chance of surviving beyond five years **increases tenfold**

Currently only **eight percent** of those diagnosed survive beyond **five years**

**Saving lives** through early diagnosis
